

Coronavirus (COVID-19) Update

At AV Custom we have been working very hard to keep up with the pace of the changes and, above all, protect our employees and our clients.

Following the Prime Minister's announcement in the evening of Sunday 10th May we have taken the decision to resume site and premises call outs and visits from next week.

We want to play our part in helping the country overcome this crisis, as well as keeping our loyal clients and dedicated workers and their families as safe as possible. Therefore, we have adopted appropriate working procedures and our engineers undertake adaptive risk assessments to ensure the safety of all concerned.

We will continue to offer help and guidance, including remote support to our maintenance customers (where possible and viable) during this time.

Please continue to bear with us at this time, as we adopt to the returning workload demands. Please note that we will be prioritising calls on a 'first come first serve basis', starting with our maintenance customers. If you require any further information, or have any questions, please **do not hesitate** to contact us.
